Send One Voice Scholars Some Love

Each year, the One Voice College Scholars Program prepares and supports 150 low-income students from Los Angeles to and through college.

We are extraordinarily proud of our Scholar's going to the best colleges and universities in the country and are truly excited about what lies ahead for them.

When most students get to college their family and friends send them fun care packages that show they are thinking of them and are proud. Unfortunately, our Scholars' families don't have the resources to send care packages or even know to send them.

This is why we are asking you to send some love. It is another way to help our Scholars feel like they belong. That they have people supporting them and rooting for them when they are so far from home.

With your help, our Scholars will unpack some fun/love/care from home just like everyone else.
